

Drunkard's Seagulls Wall Hanging 58" X 40"

The Drunkard's Path die is one of the most popular curved block designs. Now you can learn how to easily piece this curved block in two different sizes to create this modern take on this classic block.

In this class I combine two different size finished blocks to create the Seagulls, both large and small to make my "Drunkard's Seagulls". All the fabric needed to piece this the seagulls and the entire quilt top will be pre-cut and included in the class kit so you will start learning and sewing right away! No time consuming cutting.

Your take away will be a finished (or almost finished) quilt top that is ready for batting and backing which you will add on your own when you return home.

In addition to the "seagull" block design I will share some other layout and design options for this very popular curved block. You will be able to use this information to create other block constructions and play with rotation to make new quilt designs.

Kit Includes:

- ♦ Pattern with complete instructions to piece each block and assemble quilt top.
- ♦ Templates for both size Drunkard's Path blocks made in class.
- ♦ Pre-cut color fabric for entire quilt top in colors like the one in the image. (you will need to add batting and binding on your own at home).
- ♦ Link to my YouTube video instructions show how to make this quilt so you can always go back and watch to refresh your memory on the techniques you learned.
- ♦ Alternate color options and layout suggestions for the Drunkard's Path die design.

Kit Cost: \$50.00

Supplies for class: Standard sewing items: scissors, seam ripper, thread, needles, pins etc.
