

# Easy One Block Illusion Quilt

"Red Cross In The Round"  
40" X 48"

Have you wanted to create an illusion quilt but were hesitant to start as they look so complicated? This class will show you how easy it is to create one of these style quilts with just one simple block. You will see how Quick and Easy it is to piece and discover there are so many possibilities in design when you change color or use a different layout block. Once you understand the process you will be able to create "illusion" quilts on your own.

While we will be focusing on this one style block for this quilt design, we will also explore several other block layouts that can be substituted to create a totally different look.

Fabric needed to make the quilt top shown will be pre-cut and kitted allowing you to go right to sewing and design. Fabric colors as shown: Red, White & Blue
