3 Hour Class

Perfect Bindings

Straight

Flange

Picture Frame

Learn my foolproof method for machine sewn bindings.

Take the fear out of binding your quilts.
It is not as difficult as it looks!

In this class you will learn my technique for machine sewing your entire binding on, both front and back, including mitering your seams and turning corners. You will be amazed how is quick and easy my method is. In addition, you will also learn how to create those beautiful flange borders in a variety of sizes including my very own "picture frame" Border.

Once you learn my binding method you will be able to bind all your quilts on your own quickly, easily and entirely by machine!

Kit Cost: \$25.00

Kit includes: PRE-CUT strips for all border designs we will learn in class, plus printed technique directions and a link to my YouTube channel with a video demonstration you can watch anytime to refresh your memory after the class is over.

Supplies for class:

FABRIC: 3 pre-quilted fabric/batting/fabric sandwiches, each approximately 14" x 14". We will sew our bindings to each of these "mini-quilts". You can buy "quilted" fabric to use or make your own.

TOOLS: small sharp scissors, thread, needles, & a seam ripper.
